

Drive your vehicle to our fully insured premises, and we'll complete the whole task for you. This service includes a free lift to and from any of our local bus or train stations.

### Full custom dashboard trimming service:

All parts should all be in good condition and if you are in any doubt, please email images/comments first. Our standard stitching colours are black and white. Price includes matching vinyl/s from our collections. Full drive in service: £ [Please contact our office.](#)

### Have your own vinyl?

If you already have stock of your own vinyl material, then we would also require a sample of that in advance too. This is to ensure it is fit for purpose and suitable to use with our industrial sewing machines. Please note that no price reduction is offered against our set cost for customers supplying their own material.

### Average timeframe:

Pending any additional chosen options, on average please allow for up to ten working days.

### Optional extras:

Component colour matching , which includes the very top metal plate, top vents, main gauge surround, glovebox and side air vents.

Images of parts are always requested in advance, to check suitability.

Custom colour matching service: £ [Please contact our office.](#)

Decorative and different coloured stitching: £ [Please contact our office.](#)
